

ENVIPCO applies for the termination of its Euronext Brussels listing

Amersfoort, The Netherlands – 24 July 2020 - Envipco Holding N.V. ("**Envipco**" or the "**Company**"), a leading global provider of recycling systems and Reverse Vending Machine technology, announces that it will focus on its Euronext Amsterdam listing and has applied for the termination of its Euronext Brussels listing.

Envipco's board of directors has concluded that the size of the business and Envipco's market capitalization does not justify having two listings. It has also concluded that its secondary Euronext Brussels listing does not bring any meaningful additional liquidity whereas the company does incur additional (listing and compliance) costs in relation to the secondary listing. Consequently, with the aim of reducing costs and compliance burden, the board of directors has decided to seek termination of Envipco's secondary Euronext Brussels listing, whilst maintaining the listing of Envipco's shares on Euronext Amsterdam.

The contemplated termination of the Euronext Brussels listing of Envipco's shares requires the approval of Euronext and the Belgian supervisory authority, the Financial Services and Markets Authority (*Autorité des Services and Marchés Financiers* – the FSMA). Assuming that approval is obtained, Envipco expects that the termination of the listing of its shares on Euronext Brussels will be effected later this year. Envipco will further inform the market when the approval for the contemplated termination of Envipco's secondary Euronext Brussels listing has been obtained and the date on which the termination will be achieved is determined.
